**Tuesday, January 27 • 1:30 PM**

Davis 4

Garrison Wynn is a renowned motivational speaker who began his career as a comedian. His insights on how to lead a successful company during these intense times are no less valuable when delivered with a side of humor. Wynn is no stranger to the construction industry, and his passion for safety, in particular, carries through his message on how to put together a winning team.

## ASSEMBLING THE ARSENAL: A CONTRACTOR'S WEAPONS IN DEFENDING DRILLED SHAFTS

**Wednesday, January 28 • 9:00 AM**

Davis 4

Nondestructive testing (NDT) has increasingly become a burden rather than a benefit, but contractors can take back control. This session kicks off a workshop series on strategies to prevent NDT from being the sole acceptance or payment. Learn about legal tools and real inspection methods to ensure practical, quality results from the start.

## OWNERS' ROUNDTABLE

**Wednesday, January 28 • 12:30 PM**

San Saba 3

The Owners' Roundtable is the most popular and valuable session at every ADSC meeting. Make yourself heard by sharing your concerns and asking for help, because everyone is equal at the Roundtable. Grab a beer or seltzer for the meeting thanks to OCI/GMS, LLC.

## WIC ROUNDTABLE
